Designed to suit your home’s unique shading and aesthetic requirements, Perfect Shutters will complement your windows and doors perfectly, offer a superior window covering and a wealth of practical benefits.

ULTIMATE LIGHT CONTROL

Each shutter panel can be adjusted to filter the light and provide outstanding light control.

SUPREME PRIVACY

Shutter louvres can be independently controlled, allowing natural light in whilst maintaining privacy.

INSULATING & ECONOMICAL

Perfect Shutters not only keep you cool during the summer, but help retain heat during the wintertime.

SOUND INSULATION

Adding an additional layer to your glazing. Perfect Shutters helps to block out light and reduce noise levels. Ideal for homes near busy roads.

AWKWARD SHAPES

Shutters can be manufactured to suit all window shapes, no matter how curved or angled, small or large. Ideal for feature windows

LOW MAINTENANCE

Perfect Shutters are quick and easy to clean and offer a virtually maintenance-free existence - excellent for dust allergy sufferers.

SHUTTER STYLES TO SUIT ALL ROOMS

Whatever your style - traditional or modern, Perfect Shutters have the ultimate window covering and shade solution for any room. No matter what the size or shape, we can help you choose the best product to meet your requirements.

CAFÉ STYLE ►

Maximise light whilst providing privacy. With the top of the window open, Café Style shutters are ideal for ground level windows and town houses.

BAY WINDOW ▼

Perfect Shutters provide a modern solution for bay windows thanks to our comprehensive array of specifically designed bay frames.

TIER-ON-TIER ▼

Independent panels top and bottom provide greater control to make the most of light, the view or provide you with more privacy.

▼ SOLID PANEL / ROOM DIVIDER

Transform a long, open-plan area into individual living and dining spaces, with louvres that can be adjusted to make the most of your privacy and serenity.

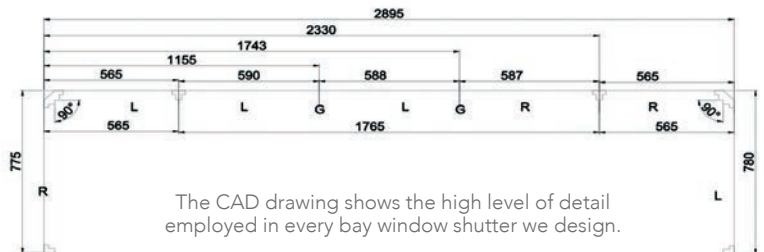

MADE-TO-MEASURE BAY WINDOW SPECIALISTS

Bay windows are notoriously hard to cover. Luckily Perfect Shutters can be customised to fit all bay windows and frames.

▲ SQUARE BAY

Transform your bay into a feature window. We provide a professional service with bay shutters always installed by two skilled fitters.

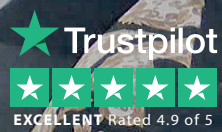

◀ BESPOKE BAY FRAMES

Every Bay shutter is CAD drawn with each frame bespoke manufactured to the exact angle of your window.

Bay windows hold a continuous appeal and are a classic British window style. No matter the size or complexity of your bay window, Perfect Shutter's range of made-to-measure window shutters offer the perfect window covering for all bay windows.

▼ CURVED BAY

The CAD drawing shows the high level of detail employed in every curved bay window shutter

TRACK SHUTTERS

 Trustpilot

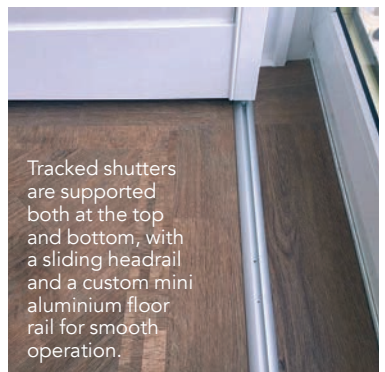

EXCELLENT Rated 4.9 of 5

▲ BI-FOLD

Bi-fold tracked shutters work well in conjunction with bi-fold doors allowing you to concertina large runs of shutters out of the way and bring the outside in.

BY-PASS ►

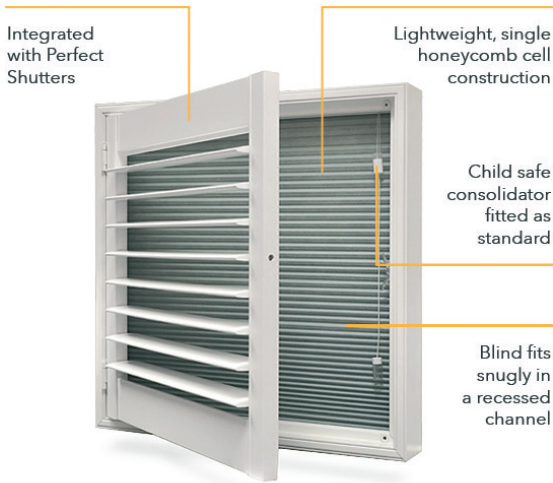

Sliding doors, room dividers or simply a privacy screen, our By-pass system provides an excellent solution.

Tracked shutters are supported both at the top and bottom, with a sliding headrail and a custom mini aluminium floor rail for smooth operation.

BLACKOUT WINDOW SHUTTERS

Blackout Window Shutters (room darkening shutters) are made for rooms that require almost total darkness. Ideal for night workers, nurseries or a home cinema.

▲ The integrated blackout blind housed in recessed channels behind the shutter almost eliminates light bleed.

CONSERVATORY SHUTTERS

Our range of conservatory shutters provide a stylish yet highly practical light and heat control solution for your windows. But what if your windows are out of reach? Not a problem for Perfect Shutters, opening and closing the louvres couldn't be simpler with our remote controlled solution. You can even pre-set your shutters to open and close at your preferred times of the day.

MADE-TO-MEASURE SOLUTIONS TO SUIT ANY WINDOW SHAPE & SIZE

Even the most unusual window shapes can be catered for within the Perfect Shutters range. Most popular styles include arches, circles and gable installations.

▲ ANGLED

Ideal for gables or awkward, angled windows, Perfect Shutters provide an effective solution where many window coverings fail.

SUNBURST ABOVE SHUTTER ▶

Perfect Shutters can be bespoke manufactured to match almost any shape window allowing you to enjoy your architecture whilst enjoying the light.

▲ FINEST MATERIALS

Our materials include Natural Hardwoods such as Paulownia, Basswood and White Teak, plus Engineered Wood Composite, Polymer, and ABS for wet areas.

▼ WATER-PROOF MATERIAL OPTIONS

Polymer and ABS are the ideal choices for bathrooms and those areas with very high humidity.

INNOVATIVE SHUTTER FEATURES & OPTIONS

LOUVRE SIZES

Choose from 5 louvre sizes. Louvre size depends on your personal choice, room suitability and materials selected.

POPULAR ► SIZES

90% customers opt for mid-size louvres (63mm, 76mm, 89mm)

Choose larger louvres for more light and visibility

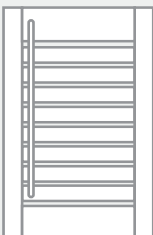

TILT RODS

Tilt Rods allow you to easily adjust the light. The Tilt Rod runs down the centre or offset to the left or right of your shutter panels. Our Silent Tilt Rod option features an advanced tilt control within the panel. Simply tilt a panel, and other panels move with it.

CENTRAL TILT ROD

- Creates balance for larger width panels
- Authentic shutter design
- No need to tilt louvres to adjust the light

OFFSET TILT ROD

- Alternative to Silent Tilt to de-clutter small width panels

SILENT TILT ROD (UPGRADE)

- Unobstructed view
- Modern look
- No protruding moving parts

POPULAR UPGRADE OPTION

PAIN COLOURS

Available in every shutter material, choose from a wide range of warm and contemporary colours that will help you find the right shutter to complement your decor. Each painted finish receives several coats, as well as a protective final coat, to stop fading caused by the sun. Paints available in 24 painted colours, including a custom paint option.
